

Introducing
CompliDeck

A new and innovative approach to
compliance training

The next generation of compliance training

Compliance training doesn't have to be long and boring. Now there's a new way to deliver key messages to your employees, quickly and easily – at a time and a place to suit them.

CompliDeck streamlines the delivery of compliance training, cutting out unnecessary content and interactions to deliver a modern, engaging and easily accessible experience that meets the needs and expectations of today's learners.

- Apply the proven principles of spaced learning
- Put control in the hands of users
- Streamline the delivery of training – reducing time and cost
- Designed and developed by experienced compliance practitioners

Innovative card deck format – replaces traditional learning modules and provides consistent, structured and user-friendly delivery of content

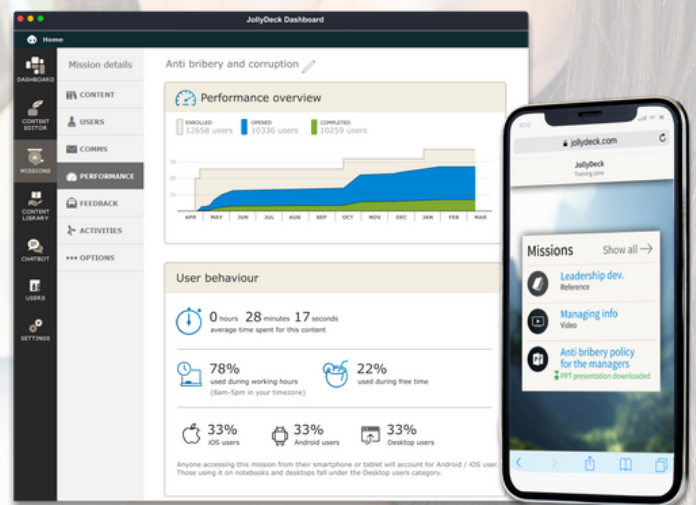

Virtual coaches – interacts with the learner and guides them through the content

Game-based challenges – engages and motivates learners while rewarding knowledge and consistency

Performance support tools – provide just in time support at the point of need

Broadcast messaging – quickly and easily respond to incidents or send updates and reminders with video messages, animations, quizzes or links to useful resources

Simple editing and authoring tool – edit and adapt each course to meet your specific needs and to build new content, all at no additional cost

Powerful and intuitive dashboards – puts you in control of managing and deploying your content and provides detailed performance metrics

Library of compliance content – addresses a range of core compliance topics. New and updated content added on an ongoing basis. Refresh your programme as required
